- Medical, behavioral health, vision, hearing and EAP benefits administered by Aetna
- Prescription drug benefits through Anthem Pharmacy delivered by CaredonRx
- Dental benefits administered by Delta Dental

UNDERSTANDING YOUR

Health Reimbursement Arrangement (HRA)

The HRA is a health fund to help you pay for eligible out-of-pocket medical, behavioral health and pharmacy expenses.

Your COVA HealthAware plan includes an account called a health reimbursement arrangement (HRA). Each plan year, your HRA is funded to help you pay your out-of-pocket medical costs, like your annual deductible, for covered services.

Funds used from your HRA also count towards your annual deductible! If the money in your HRA is depleted before you reach your deductible, you'll be responsible for meeting the remainder of your deductible before plan coverage kicks in.

HERE'S HOW YOUR HRA IS FUNDED

Annual contribution

- At the beginning of the plan year you receive your annual HRA contribution — Effective July 1, 2026:
 - Employee/retiree only \$600
 - Employee/retiree + spouse \$1,200

If you enroll after the plan year begins, the contribution to your HRA will be prorated. Contact your Benefits Administrator or visit www.COVAHealthAware.com for more information.

Incentives

- You can earn additional HRA contributions during the plan year by completing certain actions to improve your health. Each of these “Do Rights” will get you an additional \$50 (*up to \$150 total*) and up to an additional \$150 for an enrolled spouse. They include:
 - Annual preventive wellness exam
 - Preventive dental visit
 - Annual routine vision exam
 - Annual flu shot
 - Physical activity tracker
 - Wellness webinars
- There are additional incentive opportunities for members who are engaged in the Aetna Healthy Chapters program and Pre-Bariatric Surgery Education Program.
- It's just that easy — HRA incentives are funded the month following the reporting of your completed “Do Rights”. You can track your completed “Do Rights” through your Aetna member website.

HERE'S HOW THOSE FUNDS ARE USED

- When you incur eligible medical, behavioral health and pharmacy out-of-pocket expenses, they'll be paid automatically from your HRA. These expenses will continue to be paid from your HRA as long as there is money in the account.
- Although there is no additional HRA contribution for covered children, your HRA can be used to pay expenses for any family member on the plan.
- If you spend all the funds in your HRA, you're responsible for paying your part of any covered expenses until you've met the remainder of your annual deductible. (*See information on deductible limits in the next section.*)
- If you have money remaining in your HRA at the end of the plan year, it'll roll over into the following plan year as long as you stay in the plan. And there is no limit on the amount of funds that can roll over from year to year, so it can really add up!

It's easy to keep track of your HRA dollars with tools you can access 24/7 through your Aetna member website and your Aetna Health app.

Thinking about opening a Flexible Spending Account (FSA) along with your COVA HealthAware HRA? Keep in mind as you calculate your FSA contributions, the HRA will pay first for eligible medical and pharmacy expenses. Your FSA can be used right away for other health care expenses, like dental and vision, as well as medical, pharmacy and behavioral health expenses if you exhaust your HRA.

ABOUT YOUR

Benefits with COVA HealthAware

PREVENTIVE CARE BENEFITS

COVA HealthAware is designed to help you and your family maintain good health! The plan pays 100 percent for eligible in-network preventive care — you pay nothing. These services include things like:

- Routine physicals
- Well-child exams and immunizations
- Gynecological exams and mammograms
- Cancer screenings

When you use in-network providers, your preventive care is **covered at 100 percent with no cost to you.**

For a full list of eligible preventive care benefits, register for your secure member website after enrollment, or contact the Aetna Concierge. If you use out-of-network providers for preventive care, it'll be treated like any other out-of-network medical service — meaning the charges will be subject to your out-of-network deductible, and will be covered at 60 percent (*plus you may be balance billed*).

ANNUAL DEDUCTIBLE

The deductible is the amount you pay out of your own pocket for your expenses before the health plan begins to pay benefits. Eligible medical, behavioral health and pharmacy expenses all count toward your annual deductible.

Annual deductibles

- One person: \$1,500 in-network/\$3,000 out-of-network
- Two or more persons: \$3,000 in-network/\$6,000 out-of-network

As you can see, your deductible for in-network care is much lower. In addition, when you use in-network providers, your expenses are typically less because you get the benefit of Aetna's negotiated rates, and coinsurance will be lower.

Do the math — when you and your enrolled spouse complete three or more “Do Rights” per plan year in addition to your annual HRA contribution, **that covers half of your annual deductible!**

PLAN COVERAGE

Once you meet your annual deductible, your COVA HealthAware plan pays:

- 80 percent of your remaining eligible expenses (*you pay 20% coinsurance*) for in-network care
- 60 percent of your remaining eligible expenses (*you pay 40% coinsurance*) for out-of-network care
- You will be subject to paying any amount over the allowable charge when using out-of-network providers

Remember, over time, if you roll over HRA dollars from year to year, you may have enough HRA funds to pay your coinsurance.

A SINGLE OUT-OF-POCKET MAXIMUM

There is a limit on how much you have to pay each plan year out of your own pocket for eligible medical, behavioral health and pharmacy expenses. Once you reach this limit, COVA HealthAware will pay for all remaining covered expenses at 100 percent of the allowable charge for the rest of the plan year.

The out-of-pocket limit includes the annual deductible, even if it is paid by your HRA. The most you'll have to pay out-of-pocket in any plan year is:

- One person: \$3,000 in-network/\$6,000 out-of-network
- Two or more persons: \$6,000 in-network/\$12,000 out-of-network

If your family members enroll in the plan, each person is responsible for no more than the one person limit towards the annual deductible and out-of-pocket maximum. This protects you from significant out-of-pocket expenses for any one family member.

TELADOC®

Teladoc provides you and your enrolled family members with access to U.S. board-certified doctors, dermatologists and mental health experts by phone, video and mobile app **at no cost!** Teladoc doctors can diagnose, recommend treatment and even write prescriptions, if medically necessary.

Visit teladoc.com/aetna or call **1-855-Teladoc** to learn more, set up an account or request a consultation.

YOUR ADDITIONAL

Benefits with COVA HealthAware

PHARMACY BENEFITS

Your COVA HealthAware plan also includes prescription drug benefits administered by Anthem Pharmacy delivered by CarelonRx. This coverage is integrated with your health plan, and the money in your HRA can be used towards your pharmacy out-of-pocket expenses. And, just like medical expenses, once the funds in your HRA are spent, you're responsible for paying your pharmacy expenses until you reach your annual deductible. Once you meet your deductible, COVA HealthAware covers both approved retail and mail-order prescriptions, like this:

Retail pharmacy and mail order

In-network

Up to 90-day supply 80 percent of allowable costs
(you pay 20% coinsurance)

PreventiveRx Plus

You will pay a \$0 copay for condition-related maintenance medications when you pick up your prescription at an in-network pharmacy. Covered drugs include certain types of insulin, diabetic supplies and antidepressants, along with several other medicines that treat asthma, high blood pressure, high cholesterol, depression, COPD, and osteoporosis.

Out-of-network

Up to 90-day supply 60 percent of allowable costs
(you pay 40% coinsurance)

Check the PreventiveRx Plus drug list on www.anthem.com/cova to see which medications are included in the program.

Please note: Your coverage has limitations and exclusions. You may need to meet clinical criteria in order to receive coverage for certain medications on this list.

DENTAL BENEFITS

Your COVA HealthAware plan includes diagnostic and preventive dental coverage administered by Delta Dental, covered at 100 percent, when using an in-network dentist. Remember, if you use an out-of-network dentist:

- You may pay more for your dental care, as the dentist may bill you for the difference between billed and allowable charges
- You may have to file a claim form

If you want more dental coverage, you can buy an **Expanded Dental option** administered by Delta Dental.

This buy-up option provides coverage for primary and major services, including fillings, crowns and even orthodontia. The amount of coverage provided varies by service.

VISION BENEFITS

Your plan includes coverage for an annual routine eye exam, covered at 100 percent when using an in-network provider.

You are also eligible to buy optional vision coverage administered by Aetna if you purchase the **Expanded Vision option**.

The vision buy-up option includes an annual allowance toward the purchase of eyeglasses or contact lenses. And you get access to discounts on other vision services, including non-covered eyeglasses, accessories, LASIK eye surgery and more.

BEHAVIORAL HEALTH BENEFITS

COVA HealthAware also includes behavioral health benefits. The plan gives you access to support and treatment for behavioral conditions, covered at the same level as your medical benefits.

BENEFITS WHILE YOU TRAVEL

COVA HealthAware has you covered for domestic and international travel! Aetna provides a large national network of participating providers throughout the U.S. If you travel abroad, your plan provides coverage at the in-network benefit level, although you should be prepared to pay for services out-of-pocket and submit a manual claim reimbursement request.

RESOURCES FOR LIVING - EMPLOYEE ASSISTANCE PROGRAM (EAP)

The COVA HealthAware Resources for Living EAP offers short-term counseling on all aspects of life for up to 4 visits per incident per plan year at no cost to you and all members of your household. Counseling sessions are available face-to-face, online with televideo or by phone.
